

Taropak 2023 - packaging fair in three weeks!

Poznań, September 6, 2023 - The packaging industry is developing dynamically, providing innovative solutions and technologies that affect every aspect of our lives. You will be able to see it with your own eyes at the upcoming Taropak Fair, which will take place on September 27-29. This is one of the most important events for professionals in the packaging industry.

Innovations in the world of packaging

The Taropak fair is a place where manufacturers, suppliers and designers of packaging and packaging materials meet to present their latest achievements in the field of packaging. From ecological packaging to advanced production technologies, fair visitors will have the opportunity to see what has happened in the industry over the last year. This year's edition of the Taropak Fair will bring even more inspiration, knowledge and opportunities for business cooperation.

Trade fair exhibition

This year, exhibitors will again present the latest technologies and packaging materials that ensure better durability, product protection and attractive design. Innovations will include smart labels, temperature-adaptive packaging and packaging that extends product life. Due to the growing e-commerce market, many companies will present solutions tailored to the needs of online commerce. In addition, exhibitors will present plastic and cardboard packaging, packaging foils and various types of box fillers.

5th Congress of the Packaging Industry

On September 26, the day before the start of the Taropak Fair, the Polish Chamber of Packaging and Grupa MTP cordially invite you to the 5th Congress of the Packaging Industry, which will be held at the Poznań International Fair. During this meeting, experts from the packaging industry will have the opportunity to share their observations, knowledge and experience. The speakers will include representatives of, among others: World Packaging Organization, Santander Bank Polska, Jeronimo-Martins Polska S.A. or Mondi Świecie S.A.. The speeches will discuss issues related to sustainable development in the packaging sector, the latest types of packaging materials and modern printing and production technologies.

Industry meeting

The Taropak fair is a meeting place for representatives of the packaging industry, suppliers, designers, manufacturers and decision-makers from many industries, including: cosmetics, pharmaceutical, furniture, gardening, automotive and food industries. People interested in solutions for the food sector will also be able to visit the exhibition of the Polagra Fair and the Tastes of Regions Fair as part of their Taropak Fair ticket.
